The ABBY HOME offers traditional, mid-western architecture as well as interior design. White clapboard, brick and mature trees all lend the ABBY HOME to your ANYWHERE U.S.A. project. Enter this split-level home into the kitchen which boasts red vintage-looking appliances. Upstairs you will find all the traditional elements, brick fireplace, oak table, quilts and a screened-in porch. The backyard of the ABY HOME offers mature trees and landscaping, a large backyard lawn and even a red shed. The ABBY HOME is the perfect Middle-American location for your next project.
